Triton College Cernan Earth and Space Center Presenting *Laser Taylor Swift* Cosmic Light Show

Show will Play Every Saturday in September

RIVER GROVE, Ill. – Are you ready for it? The Triton College Cernan Earth and Space Center is presenting *Laser Taylor Swift* cosmic light show on Saturdays, Sept. 2, 9, 16, 23 and 30, at 8:30 p.m. This 45-minute show incorporates brilliant laser light, thousands of stars and giant digital effects! The show is enjoyable for the whole family.

We had a blank space in our schedule and, long story short, knew all too well just which artist to fill it with. As August slips away and this cruel summer comes to an end, we're enchanted to present *Laser Taylor Swift*. It's been a long time coming, but September nights feel like the perfect nights to dress up like it's the Eras Tour all over again. Make the friendship bracelets, bust out your best dress and get ready to experience your favorite songs in a whole new way. We'll be dancing like we're made of starlight on each Saturday in September, so come out and make the Cernan Center shimmer!

Taylor Swift is one of the biggest pop stars on the planet. With over 200 million records sold, a shelf full of Grammys and an army of fans, Taylor Swift is an inspiration for generations. *Laser Taylor Swift* takes her biggest hits and brings them to life in dazzling laser light. If you can't score tickets to her concert, *Laser Taylor Swift* is the next best thing.

Tickets are \$10 for adults, \$5 for seniors (55 and over) and \$5 for children (2-17), and can be purchased at the box office starting at 6:30 p.m., before each show. Triton students, faculty and staff are admitted free with a valid ID.

The Triton College Cernan Earth and Space Center hours are Monday-Thursday, 9:30 a.m.-5 p.m.; Friday, 9:30 a.m.-4 p.m.; and Saturday, 6:30-9:30 p.m. The Cernan Center is closed on Sundays. For more information, visit <http://triton.edu/Cernan> or contact cernan@triton.edu.
