TRITON COLLEGE
BOARD BRIEFS

June 18, 2013

HLC Update  The strengths, challenges, and response to challenges of Criteria 3, 4, and 5 were presented to the Board of Trustees. See attached. President Granados spoke of the importance for everyone at the college to be involved in reflecting on our institution over the past seven years and providing input into the Self-Study document. The Accreditation website (under Employee Resources in the portal) includes all of the chapters for your review here.

Affordable Care Act  The impact of the implementation of the Affordable Care Act was again a topic of discussion with an Adjunct Faculty expressing how she is personally affected, and Fulltime Faculty outlining the additional workload created for Department Chairs. Chairman Stephens affirmed the value of part-time employees and that changes are occurring to preserve the institution. The rules for implementation of the ACA are still not known.

Student Senate Report  The TCSA E-Board attended the ICCB Student Leadership Institute on June 6-8. TCSA President Doris Davenport reported receiving a lot of information that the students are looking forward to implementing.

Accrual of Vacation Time  The effect of the new computer system on reflecting the accrual of vacation time was expressed as a concern and contrary to negotiated agreements by all of the employee group representatives. Administration will be working with the employee groups to resolve this issue.

Action Exhibits and Purchasing Schedules Approved:  All of the exhibits presented to the Board were approved, including continuing participation in Achieving the Dream and a contract extension with WCMC. See the Board of Trustees website for information on all of the items that went to the Board of Trustees in June.
