      Monica Lopez presented information about a potential spring diversity training for managers and administrators as a professional development event.
   b. Diversity Conference
      Dr. Hernandez asked for the Committee’s input on the possibility of offering a diversity conference during the spring semester. The conference would provide workshops on the various aspects of diversity. Triton’s faculty have a wealth of knowledge on the topic, and they can be asked to submit proposals to present. Concerns arouse around the issue of participation and conflict with the spring diversity training already proposed by the Professional Development Center. The topic was tabled for another time.

4. Announcements

Dr. Cho announced the Community Band would be performing on December 5th.

5. Next Meeting –

Because of the winter break and the return date for faculty, the Committee agreed not to meet again until February 4, 2016.
