I went back to school after a 17-year gap and started my new academic journey at Mesa Community College in San Diego. I really believe in the Community College experience and that's why I'm here as an Advisor to help others find their path. I also love teaching History and Humanities courses and am an Adjunct at Benedictine University.

My advising philosophy: (I have 3) It's never too late to pursue your passion, pivoting academic directions can be a good thing, and achieving your most important goals takes time and energy, so don't feel rushed.

Fun fact: I love animals, and I work part-time at Brookfield Zoo. I get to hang out with my friends Arnita (Giraffe) and Vivian (a hilarious pigmy goat) whenever I get a break.
