Such insurance shall be for not less than the greatest amount of liability insurance specified in the Contract Documents. This shall not limit any other contractual obligations of the Contractor, Subcontractors or the parties hereto to indemnify or provide insurance for the benefit of any other party. This is for time required by the Architect to expedite the Contractor's efforts because he is not completing in an orderly and timely manner.

Payment for architectural services of preparing a single punch list and final walk-through are not the responsibility of the Contractor.

The Contractor agrees, by submitting a bid, that the Owner has the right to deduct from the Contractor's payment for the additional time of the Architect.

It shall be mandatory upon the contractor(s) to whom the contract is awarded and upon any subcontractor thereof to pay all laborers, workmen and mechanics employed by them not less than the up-to-date and current general prevailing rate of wages in the locality for each craft or type of workman or mechanic to perform such work and the current general prevailing rate for legal holidays and overtime pursuant to Illinois Department of Labor and pursuant to Illinois Law and Statutes in such case made and provided. The Illinois Department of Labor will provide each County Clerk with the most recently revised prevailing wage rates determined by the Illinois Department of Labor on the first day of each month.

Contractors and subcontractors must submit certified payroll records on a monthly basis to the Owner along with a statement affirming that such records are true and accurate, that the wages paid to each worker are not less than the required prevailing rate and that the contractor is aware that filing records they know to be false is a Class B misdemeanor.

The certified payroll records must include, for every worker employed on the project, the name, address, telephone number, social security number, job classification, hourly wages paid in each pay period, number of hours worked each day, and starting and ending time of work each day. 24. OWNER'S TAX EXEMPT STATUS

Owner agrees to provide to Contractor sufficient copies of evidence of Owner's tax exempt status to enable Contractor to perform its obligations set forth in the preceding sentence. Contractor will not, and will take all necessary steps to prevent its Subcontractors from using Owner's tax exempt status to reduce costs on any work other than the Project.

 - 2. A resolution to an issue which has arisen due to field conditions and affects design intent.
- B. Whenever possible, request clarifications at the next appropriate project progress meeting, with response entered into meeting minutes, rendering unnecessary the issuance of a formal RFI.
- C. Preparation: Prepare an RFI immediately upon discovery of a need for interpretation of Contract Documents. Failure to submit a RFI in a timely manner is not a legitimate cause for claiming additional costs or delays in execution of the work.
 - 1. Prepare a separate RFI for each specific item.
 - a. Review, coordinate, and comment on requests originating with subcontractors and/or materials suppliers.
 - b. Do not forward requests which solely require internal coordination between subcontractors.
 - 2. Prepare using software provided by the Electronic Document Submittal Service.
 - 3. Combine RFI and its attachments into a single electronic file. PDF format is preferred.
- D. Reason for the RFI: Prior to initiation of an RFI, carefully study all Contract Documents to confirm that information sufficient for their interpretation is definitely not included.
 - 1. Include in each request Contractor's signature attesting to good faith effort to determine from Contract Documents information requiring interpretation.
 - 2. Unacceptable Uses for RFIs: Do not use RFIs to request the following::

 5. Contractor's suggested resolution: A written and/or a graphic solution, to scale, is required in cases where clarification of coordination issues is involved, for example; routing, clearances, and/or specific locations of work shown diagrammatically in Contract Documents. If applicable, state the likely impact of the suggested resolution on Contract Time or the Contract Sum.

1. Response period may be shortened or lengthened for specific items, subject to mutual agreement, and recorded in a timely manner in progress meeting minutes.
- I. Responses: Content of answered RFIs will not constitute in any manner a directive or authorization to perform extra work or delay the project. If in Contractor's belief it is likely to lead to a change to Contract Sum or Contract Time, promptly issue a notice to this effect, and follow up with an appropriate Change Order request to Owner.
1. Response may include a request for additional information, in which case the original RFI will be deemed as having been answered, and an amended one is to be issued forthwith. Identify the amended RFI with a <>suffix to the original number.
 2. Do not extend applicability of a response to specific item to encompass other similar conditions, unless specifically so noted in the response.
 3. Upon receipt of a response, promptly review and distribute it to all affected parties, and update the RFI Log.
