

Choose Your Career Path . . .

There are 16 Career Clusters in the National Career Clusters Framework, representing more than 79 Career Pathways to help students navigate their way to greater success in college and career! With so many options to consider, where do you start?

First, take a career assessment at your school, to help narrow down the choices that could be a great fit for you. Then start learning about those careers. What are the opportunities? The work environments?

Next, look at what kind of training you need to prepare for that career. Some positions offer on-the-job training. Others require some type of industry credential. Still others may require a post-secondary certificate or degree. What training do you need **to get the career you want?**

Examples of Projected Job Openings 2014—2024

Emergency Medical Tech 8.5%
Physician Assistant 21.51%
Nurse Practitioners 24%
Medical & Clinical Lab Tech. 8.21%
Ophthalmic Technician 11.21%

Q: How does that help me?

A: This means you can request electives at Triton College that will:

1. Earn elective credit at your high school, AND
2. Earn college transcript credit at Triton, AND
3. Complete 4 courses towards the Certified Medical Assistant Certificate at Triton —while you are in high school!

Ask your counselor about making space in your schedule to take dual credit classes that can help move you closer to your career goals!!

Are you ready to commit to building your future?

JOB ZONE

Education -

Most occupations in this zone require training in vocational schools, related on-the-job experience, or an associate's degree.

Experience -

Previous work-related skill, knowledge, or experience is required for these occupations. For example, completing three or four years of apprenticeship or several years of vocational training, and often must have passed a licensing exam, in order to perform the job.

Training -

Employees in these occupations usually need one or two years of training involving both on-the-job experience and informal training with experienced workers. A recognized apprenticeship program may be associated with these occupations.
