

Triton College and Arizona State University Partner to Offer College Students Transfer Pathways with MyPath2ASU™ Collaboration

Triton College is pleased to announce an alliance with [Arizona State University](#) to provide Triton students a seamless transfer experience with the MyPath2ASU Program. [MyPath2ASU™](#) allows students to take the steps needed, at the start of their college experience, to successfully plan their transfer to ASU, ensuring a smooth transition process and student success.

MyPath2ASU™ is a set of customized tools available to transfer students from accredited, U.S. regional institutions. These tools ensure a seamless transfer experience to ASU after earning credits or an associate degree from a U.S. community college or university and shortening the time to degree completion.

“Triton College’s Transfer Center works with a lot of universities to allow seamless transitions for our students as they move on to four-year institutions,” Triton Vice President of Academic Affairs Dr. Susan Campos said. “ASU is offering an excellent opportunity for our students to move forward in their education.”

Through this partnership, students using MyPath2ASU™ will find their transfer experience simplified. They will have access to personalized benefits to help them navigate the transfer experience, to include:

- End-to-end learner navigation through course-by-course guided pathways.
- Ensure course applicability by assisting students with taking courses that apply to their associate and ASU bachelor’s degree.
- Guaranteed general admission to ASU and admission into MyPath2ASU™ major choice if all requirements are satisfied; some majors have additional or higher admission requirements.
- More than 400 course-by-course guided pathways into immersion and online ASU degree programs.
- Self-service, degree progress tracking through My Transfer Guide to minimize loss of credit.
- Connected experience through personalized ASU communications to prepare academically and build a connection to ASU.

ASU and **Triton College** will work collaboratively to promote educational degree pathways containing ground and online course offerings. These pathways will ensure their courses are applicable toward their degree in their chosen major and minimize credit loss.
