

Mayor David B. Guerin Emphasizes Triton College as Key to River Grove's Vibrant Economy

Mayor David B. Guerin knows that Triton College is a key partner in strengthening River Grove's economy. Located in the heart of River Grove, Triton offers a wide range of certificate and degree programs that prepare students for secure employment upon graduation.

"The Barber program is a huge addition to the college," said Mayor Guerin. "There are many barber shops in River Grove. Students can obtain a Barber certificate and begin working in our town or even open their own barber shop. The opportunities are endless."

Beyond barbering, River Grove businesses hold opportunities in logistics and hospitality, skills that can be developed at Triton through flexible programs designed to support both students and the local economy.

"Every resident should attend Triton," said Mayor Guerin. "It's affordable and close to home. It makes sense to take advantage of it."

A proud Triton alumnus, Mayor Guerin studied business and hospitality, earning real-world experience in running a business.

"I opened an ice cream shop, Cock Robin, at 14th and Lake Street in Melrose Park when I was a Triton student," he explained.

Mayor Guerin believes that Triton continues to equip students with the skills needed to thrive and help the local community – just as it did for him.
