Triton College will Celebrate Earth Day

Viewing of The Origin of Earth Day and 24 Hours on Earth

RIVER GROVE, Ill. – Triton College will celebrate Earth Day by showing *The Origin of Earth Day* and an episode of *24 Hours on Earth* in Room A-215 (a Library classroom) on Friday, April 22, at noon.

“It is important to teach students about Earth Day so they can understand our planet,” said faculty librarian Dr. Dubravka Juraga. “I hope it gives them a better understanding of the world we live in.”

The Origin of Earth Day explores April 22, 1970, the first Earth Day. The film *24 Hours on Earth* follows a variety of animals and their struggle each day to survive.

Students do not need to sign up for the event. Dr. Juraga said they can come to the Library if they want to participate in the viewing.

For more information, please contact Dr. Dubravka Juraga at dubravkajuraga@triton.edu or (708) 456-0300, Ext. 3591.
