SCORES AND RETESTING POLICY:

Examinees will receive immediate results at the end of their testing session in-person. If a home institution is chosen before registration, official scores will be sent directly to the chosen institution within 48 hours after the exam session has been completed. Students may request transcripts of their scores to be sent to additional institutions from ATI at <https://www.atitesting.com>.

ATI does not dictate retest policies. Every institution decides their own retest policies. Examinees applying for education programs will need to check with that institution's TEAS score acceptance policies, as they may vary.
