Triton College
Dual Credit Program

Short-Term Certificate Pathways

Triton College's Short-Term Certificate Pathways are an exciting way for high school dual credit students to get a jump-start on their higher education and career goals by earning an industry, recognized credential while still in high school!

Participants who complete their chosen pathway will be prepared for entry-level employment within an in-demand career field and will have saved a significant amount of time and money towards earning additional stackable credentials or an associate degree! Speak to your high school counselor for more information and steps to registration for any of the below opportunities:
