

Radiologic Technology Program

Triton College

The Radiologic Technology Program Cohort only begins during the Fall Semester each year.

- Please review the Radiology Schedule for an updated schedule.
- Please review the Admission Checklist for admission requirements.

Application deadline is March 15th:

Application Opens – June 15th

Prerequisites will need to be completed to be considered.

Accepted students will be notified beginning May 15th.

Accepted students must respond and accept their seat by June 1st.

Clinical Site Interview will need to be completed by June 15th.

Mandatory Orientation second week of June.

Acceptance into the Radiography program is based on a merit evaluation.

Applicants are ranked 1-36 based on points. Note: The number of spaces available changes based on clinical capacities each year. Use the radiology checklist provided to calculate your points.

Absence from the mandatory orientation will be perceived as a decline of the offered position and the student will not be permitted to begin the program.
