Return to Campus

Citizen participation brought comments of COVID-19 vaccinations, the college reopening, safety of students and employees, and faculty contract negotiations. AVP of Facilities John Lambrecht provided information on protocols being followed at the college, including special cleaning and sanitizing, upgraded ventilation filtration, increased outdoor air intake, and ppe provided to staff. President Moore noted that this information is on the college website, and thanked the union leaders for their assistance in reminding employees where to find the info. She reiterated her commitment to the campus community to listen to concerns and discuss current practices, and clarified that there is no change to student or faculty schedules for the spring semester.
