	<p style="text-align: center;"><b>Chairman’s Report</b></p> <p><b>Serving At-Risk Students</b> Chairman Stephens discussed a population in our district who need to be served—students who become high school drop-outs. He has been advocating for this group for many years and called upon President Moore to create a panel of administrators and faculty while he works with local legislators and village mayors toward a solution and making a difference in these students’ lives. Mr. Stephens hopes to see movement in the initiative during this year.</p>
