

# TRITON COLLEGE BOARD BRIEFS

April 17, 2018

## Congratulations Outstanding Faculty!

Daniele Manni – Philosophy and Joseph Klein – English tied for the award of Outstanding Faculty of the Year.

Gretchen Reyes - Business received the Outstanding Adjunct Faculty of the Year Award.

Triton College has been recognized as a Tree Campus USA by the Arbor Day Foundation for the second year in a row!

**Action Exhibits and Purchasing Schedules Approved** All of the exhibits presented to the Board were approved, including the Curriculum Recommendations and Fee Revisions for Academic Transcripts and Testing Services. See the [Board of Trustees website](#) for information on all of the items that went to the Board of Trustees in April.

## Chairman's Report

A moment of silence was observed in memory of former First Lady Barbara Bush.

# TRITON COLLEGE BOARD BRIEFS

April 17, 2018

## Celebrating Community College Month

In honor of Community College Month in April, President Moore acknowledged and thanked our students for their hard work; faculty and staff for their collaborative nature; partners, committees, and community for their efforts, and the Trustees for their volunteerism and support of Triton's mission. Mid-Management Association President Kay Frey also thanked the Board of Trustees for their service during this National Volunteer Week.

**Geo-Engineering** Environmental Science Faculty Sheldon Turner presented information on the GENIUS project being funded by an NSF grant in the amount of \$650,000 over five years. This will support 40-50 students in the program which brings together Science and Engineering and includes the fields of mining, energy, infrastructure, and environmental sciences. Students are being sought now – for more information, click [here](#).

## GENIUS Scholarship Program

(Geo**EN**gineering Innovations through Undergraduate **S**cholarship)

The Geo-Engineering Innovations through Undergraduate Scholarship (GENIUS) program is for current and prospective Triton College students who are interested in majoring in Engineering, Engineering Technology/Mechatronics, Environmental Science and Geology.

**STEAM Expo 2018**  
Saturday, April 21
