

As our current strategic plan draws to a close in June, I want to personally acknowledge the work of so many individuals who have contributed to the success of the strategic plan to benefit Triton students. The final report on achievements and highlights of the last seven years will be shared on the strategic plan website in July.

Over the last year, the Strategic Planning Committee has developed institutional goals and action plans for our next strategic plan, launching July 1, 2021. The development of the strategic plan was a campus-wide initiative with 25 employees and a student serving on the Strategic Planning Committee, chaired by Dr. Purva Rushi. I want to thank each of them for their time and commitment to student success.

Next month, we will begin the journey of implementing action plans for each of our three new strategic goals, focused on teaching and learning (Goal 1), on diverse, equitable, and inclusive employee engagement (Goal 2), and community relationships (Goal 3). Each goal consists of Action Plans to be implemented in Year 1 of the new strategic plan.

I am pleased to share that opportunities to be part of an action plan committee are available now:

- Interested in highlighting faculty excellence in different ways? Please connect with Dean Jennifer Davidson at [jenniferdavidson@triton.edu](mailto:jenniferdavidson@triton.edu) to serve on the Goal 1 Action Plan Committee.
- Interested in expanding the recognition and social events for employees? Please connect with AVP Derrell Carter at [derrellcarter@triton.edu](mailto:derrellcarter@triton.edu) to serve on the Goal 2 Action Plan Committee.
- Interested in planning on-campus events that connect students and local businesses? Please connect with AVP Paul Jensen at [pauljensen@triton.edu](mailto:pauljensen@triton.edu) to serve on the Goal 3 Action Plan Committee.

The membership for Action Plan Committees will be finalized by May 7. If you have any questions about the process, please contact Dr. Rushi.

The Strategic Planning Committee's work continues with each of you. Whether you join an Action Plan Committee or provide feedback as plans progress, your role is essential to advancing student success, and your involvement is valued. With the new strategic plan, I look forward to working with you to enable Triton College to achieve even higher levels of excellence.

President Moore
